China Looks At The West

In China Looks at the West, Christopher A. Ford investigates what these depictions reveal about internal Chinese politics and Beijing's ambitions in the world today. In particular, Ford emphasizes the importance of China's "return" to global preeminence in state images, which has become an essential concept in the regime's self-image and legitimacy.

The Tarim Basin, the largest in China, measures 1,500 km (930 mi) from east to west and 600 km (370 mi) from north to south at its widest parts. Average elevation in the basin is 1,000 m. To the east, the basin descends into the Hami-Turpan Depression of eastern Xinjiang, where the dried lake bed of Lake Ayding , at 154m below sea level, is the lowest surface point in China and the third ...

Geography of China - Wikipedia

A hundred years from now, historians are likely to look back at the financial crash as the turning point in the balance of power between the West and China. The sub-prime mortgage crisis of that year, followed by President Obama's high-tax, over-regulated economic management, saw America cast into a prolonged recession and an anemic recovery.
