### Donald Trump Dossier Russians Point

The Steele dossier, also known as the Trump–Russia dossier, is a political opposition research report written from June to December 2016 containing allegations of misconduct, conspiracy, and co-operation between Donald Trump's presidential campaign and the government of Russia during the 2016 election. The Guardian has described it as "one of the most explosive documents in modern political history". Some allegations have been corroborated, others remain unverified, and a court ruled that ...

The Democrats and their Deep State allies in the government and media will go to any lengths to remove Donald Trump from office. Even to the point of completely fabricating and promoting a fake dossier accusing the President and his 2016 campaign of colluding with the Russians. But yet another verdict is in – Donald Trump is not guilty in the Deep State’s Russia collusion hoax.

### The Verdict is In: Donald Trump Not Guilty Yet Again in ...

It’s a red-letter, if sad, day on the hypocrisy beat when after three years a Republican-majority Senate Intelligence Committee comes out with a 1,000-page report finding there was a whole lot of direct contact between the Trump 2016 campaign with Russian intelligence operators.

### Trump Conspired With Russians, Senators Say, 'Yes ...

The report, which clocks in at 966 pages, also offered a scathing assessment of the FBI’s handling of the Steele dossier, which was a key document in the Trump-Russia collusion conspiracy theory. “The FBI gave the Steele Dossier unjustified credence, based on an incomplete understanding of Steele’s past reporting record,” the report says.
