### Experience And Education

Experience and Education is a short book written in 1938 by John Dewey, a pre-eminent educational theorist of the 20th century. It provides a concise and powerful analysis of education. In this and his other writings on education, Dewey continually emphasizes experience, experiment, purposeful learning, freedom, and other concepts of progressive education. Dewey argues that the quality of an educational experience is critical and stresses the importance of the social and interactive processes of
