Female leaders were also more transactional than male leaders in their contingent reward behaviors, whereas male leaders were more likely than female leaders to manifest the two other aspects of transactional leadership (active and passive management by exception) as well as laissez-faire leadership.

FEMALE LEADERSHIP ADVANTAGE AND DISADVANTAGE: RESOLVING ...

Similarly, men taking management jobs in women-oriented industries may tap the interpersonal skills traditionally associated with women in order to be seen as more effective. Shullman notes the value of this research in helping aspiring women understand why they may feel as if they don't "fit in" as they climb the ladder - it may be due to a mixture of individual and contextual variables that ...

When the Boss is a Woman

The Leadership Institute for Women in Psychology prepares, supports and empowers women psychologists as leaders to promote positive changes in institutional and organizational life, increase the diversity, number and effectiveness of women psychologists as leaders and ensure that leadership training opportunities are available for mid-career and senior women psychologists in all of their ...

Leadership Institute for Women in Psychology (LIWP)

The anima is a feminine image in the male psyche, and the animus is a male image in the female psyche. The anima/animus represents the "true self" rather than the image we present to others and serves as the primary source of communication with the collective unconscious.

The 4 Major Jungian Archetypes - Verywell Mind

Analytical Psychology originated in the work of the Swiss psychiatrist Carl Gustav Jung (1875-1961). Offering a comprehensive model of the human psyche, analytical psychology includes a psychotherapeutic approach for improving mental health and facilitating maturation of the personality as well as a theoretical body of knowledge with wide applicability to social and cultural issues.

Jungian Psychoanalysis - MEI Psychology Consulting

This month marks the 50th anniversary of the death of Carl Jung, the father of modern analytical psychology. Second only to Freud in terms of his importance as a psychologist of the 20th century, Jung invented concepts such as the extroverted and introverted personality types. He is the greatest ...

Why Jung still matters - Management Today

Female Leadership will be of great interest to all professionals who wish to familiarise themselves with personal leadership development and learn how Jungian theory has been put into practice in this field, as well as to leaders in corporate and non-corporate organisations.

Female Leadership: Amazon.co.uk: Jironet, Karin ...

Books like Sally Helgesen's The Female Advantage (1990) and The Web of Inclusion (1995) started describing a different yet still successful style of leadership that women use.

Women's Leadership Style: Boss Plus? | Psychology Today

Nevertheless, more people prefer male than female bosses, and it is more difficult for women than men to become leaders and to succeed in male-dominated leadership roles. This mix of apparent advantage and disadvantage that women leaders experience reflects the considerable progress toward gender equality that has taken place in both attitudes and behavior, coupled with the lack of complete ...

Female Leadership Advantage and Disadvantage: Resolving ...

Despite the proliferation of leadership research in the past 75 years, investigating the ways in which women and men leaders enact and experience leadership continues to surface unanswered questions. Through the framework of selection, development, leadership style, and performance, we report gender-related findings from a broad survey of existing literature from the past three decades.
