OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

### Phoebe And The Hot Water

the most fantastic book from my childhood...plot spoiler to follow...phoebe has millions of hot-water bottles, her house catches fire and she uses them to put it out. moral of the story...keep lots of hot water bottles filled with water to hand at all times, and you too can put out fires, and like phoebe, receive a puppy for your efforts.

### Phoebe Hot Water Bottle - graceandmabel.co.uk

In the recent hot weather, I would think that the birds would seek out the cool of the seashore, like normal people. Instead, I saw several birds that I've usually seen by the water now perched in a hot spot inland, screened from the breeze and with the Bay out of sight. One example is this Black Phoebe.
