In the department of the tale being told, Salsa Invertebraxa appears to portray the exploits of two insect companions in the microcosmic world of some rainforest that cannot be placed. One is something resembling a mosquito, the other, I don't know (possibly inspired by a webspinner). For convenience, I'll call them Bugs #1 and #2.

Life, et al.: Book Review: "Salsa Invertebraxa"

The name of the book is Salsa Invertebraxa, a graphic novel, and is done very much in the spirit of James Gurney's book, Dinotopia. It is a story wholly about insects and their environment, most of which are completely imaginary, (a bit like Avatar) though no less realistic and credible.
