That Woman The Life Of

Factory Work: Most women, given the chance, chose factory work over life as a servant, and manufacturing claimed the next largest group of women workers, slightly less than a third. The typical female factory worker tended to be young, single, and an immigrant or the daughter of immigrant, and she tended to be working in the garment industry.

Technically, women couldn't even be Vikings. As Judith Jesch, author of "Women in the Viking Age" (1991), has pointed out, the Old Norse word "vikingar" only applied to men, usually to ...

What Was Life Like for Women in the Viking Age? - HISTORY

However, in the course of treating a woman, if her child dies, that is not considered abortion. "Today it is possible for almost any patient to be brought through pregnancy alive, unless she suffers from a fatal disease such as cancer or leukemia, and if so, abortion would be unlikely to prolong, much less save the life of the mother."

The Mother's Life - All.org

During the 1950s women's clothes were full and feminine. However in 1965 Mary Quant invented the mini skirt and clothes became even more informal. A history of women's clothes. Life for Women in the 20th Century - Local Histories

Women most probably have a biological advantage that allows them to live longer, but in the past--and in several places, still today--the status and life conditions of women nullified this benefit.

Why is life expectancy longer for women than it is for men ...

Life became more comfortable for most women in the 19th century. James Simpson (1811-1870), who was Professor of Midwifery at Edinburgh University, began using chloroform for operations in 1847. Meanwhile in the 19th century men and women practiced archery.

LIFE FOR WOMEN IN THE 19TH CENTURY - Local Histories

The men knew that women were the source of life, and provided a feeling of strength and consistency to their lives. The women in Native American tribes often helped their men to hunt down buffalo. Then, when the buffalo were harvested, the women were responsible for skinning, cutting, and cooking the animal.

The important role of Native American women

The woman was clearly considered expendable and of little value. 2 Chronicles 36:23 mentions the Second Temple which was constructed after some Jews returned from exile in Babylon. It was rebuilt by Herod late in the 1st century BCE. One of its features was women's court, considered the least sacred area.
